

CLEAN UP THIS WEEK

Everybody Asked to Make Special Efforts to Have Premises Cleaned Up.

Friday and Saturday of this week have been designated as Clean-Up Days for the city of Mt. Sterling by the City Council and the Woman's Club. The public is requested to burn as much trash as possible and to put in boxes or barrels the remainder and set same on the streets and wagons will haul same away free of charge.

Leaders in the movement are soliciting all who have the welfare of Mt. Sterling at heart to join in the movement to free the city of the rubbish and filth which are not only unsightly, but an actual menace to public health.

Get in touch with the brightness and beauty of spring and join the army that has enlisted for the campaign to make our dwelling place clean, beautiful and healthful.

Begin now and gather in boxes, barrels or heap all rubbish on your property and street or alley near you and place in a convenient place for the wagons that will be for it on one of these days.

Let every man, woman and child in the city lend a helping hand to this splendid movement.

Lost Keys

Bunch of six keys, on streets of city Saturday afternoon. Finder please leave same at Montgomery National Bank for owner.

BUYS MACHINERY

The U. S. Government has purchased a complete road outfit and same will be shipped here at once and the construction of the Maysville pike will be started at an early date.

A large force of men will be employed and the work rushed to completion as soon as possible.

Onion sets and seed potatoes at Vanarsdell's.

GRAND JURY MAKES REPORT

In Which Many Recommendations are Made Relative to Pikes, Etc.

The Grand Jury adjourned Saturday after filing with Circuit Judge William A. Young, an exhaustive report, covering its findings during the session. The condition of the public records and the manner in which they are kept were highly complimented, as was the present Jail for the clean and sanitary condition in which the Court House and County Jail were found. The report in the main, dealt with the condition of our city streets and county turnpikes and those alleged to be responsible for their deplorable condition were severely arraigned. Many suggestions were made and the report asks that the next Grand Jury shall say whether these suggestions have been complied with or not and if not, to say who is to blame. The report is five typewritten pages in length and but for the lack of space, we would be glad to comply with the request of the Grand Jury and publish the same in full.

"BIG CHIEF" HERE

Among the distinguished out-of-town visitors here Court Day was Hon. Rufus H. Vansant, Chairman of the Democratic State Central and Executive Committees, of Ashland, Ky. The "Big Chief" was here on private business and answered with a smile all inquiries as to whether or not he would be a candidate next year for the Democratic nomination for Governor, as has frequently been suggested by his friends.

YOUNG PEOPLE MARRY

Mr. Elmer Downs and Miss May Breeding, both popular young people of this county, were quietly married in this city Wednesday evening, Rev. J. S. Wilson, pastor of the Baptist church, performing the ceremony.

Do you attend your Church?

APRIL COURT CATTLE MARKET

Market Lighter Than Usual But Prices Seemed to be Exceedingly High.

About 1,000 cattle on the market. The quality was only fair. Prices were high and several bunches were sold by the head at from 8 to 10c per pound. Trade was slow, the day was cold and raw, and buyers seemed to have very little life in trade. We had buyers from both Ohio and Indiana besides the buyers from Central Kentucky. We caught a few sales as follows:

Sanford Helton sold 6 1,000 lb. oxen to A. S. Hart at 7c.

Mike Wilson sold 12 calves to Sam Laytham, of Bath county, at \$28 per head, would weigh about 300 pounds.

Sam Keeton & Co. sold 20 about 700 lb. steers to party from Ohio at \$55 per head.

Sanford Helton sold yoke of 2,425 lb. steers to Howard Gilbert, of Clark county, at 6 1/2c.

Geo. Halsey sold a fat cow weighing 1,400 lbs. to Mr. Rallsback, of Clark county, at \$7.50 with \$2.00 off.

Thos. Johnson sold 8 1,250 lb. oxen to Al Kerns, of Carlisle at 6 1/2c.

Trade was brisker in the afternoon and about all of the cattle sold at prices that were satisfactory to the owners.

A DRAMATIC TREAT

In Store for Mt. Sterling People

On Friday evening, April 24, Mrs. Jeanette Jewell Kellogg will render an attractive program at the High School Auditorium. Mrs. Kellogg is a reader and elocutionist, who is known the nation over. She belongs to the small number of those who can go to any Course or Chautauqua, give a high-class program, and please everybody. By critics, she is considered one of the best readers before the American public today.

Too much cannot be said in praise of her interpretations of the author's ideas and sentiments.

Mrs. Kellogg possesses a magnetic personality, a rich and melodious voice and an admirable presence. Everybody will enjoy her selections, both dramatic and humorous, and those most critically fastidious will find nothing in it to offend. Work of such high character and so wholesomely pleasing is rarely seen on the Chautauqua or Lecture platform. The people of Mt. Sterling do not often have the chance to hear as talented a performer, and they should make the most of the opportunity offered them on Friday evening.

This entertainment is given under the auspices of the "Boys' High School Club." The price of admission will be only 35c.

ROAD BEING REPAIRED

The Winchester pike is being repaired by the city and county, the city having five carloads of rock now on the switch, in this city and the county two carloads. Mayor Oldham is looking after the work for the city and County Engineer Wyatt for the county. We are informed the city has bought twenty cars of rock from the Atlas Stone Co., Olive Hill, Ky., and that the county will receive three cars a week for the next several months, from the same company.

The Advocate for Printing.

DISAGREEABLE WEATHER

Causes the Horse Show to be the Smallest in Many Years in Montgomery County.

Monday was cold and damp, and the owners of many fine horses and jacks did not bring them to the city for the horse show which heretofore has been the chief attraction for April court day. Many owners, however, had their cards, distributing same among the crowd. The following horses were shown:

Emerald Ray, the blue ribbon winner of 1913, owned by Mr. Ray Moss, of Greenbriar Stock Farm, and thought by many to be the best young saddle stallion in the state, is looking especially fine this year and is sure to be heard from again in the show rings. Mr. Moss also showed a likely looking filly by his horse.

Star Emerald, the handsome son of Emerald Chief, owned by Mr. C. B. Dale, attracted considerable attention. He can rack a run-away gait.

McDonald's Choice, bay stallion, owned by Alvin Myers.

Rollo, a registered percheron stallion, owned by Mr. S. S. Ralls, of Sharpsburg, was well liked.

Prince Albert, a percheron stallion, owned by Mr. A. S. Bridges, received considerable attention. The farmers in this section are giving the percheron horse more thought than in former years.

Emeraldine, the handsome horse of Mr. Reynolds Letton, of near Paris, is a nice looking animal.

Peter Montgomery, the trotting stallion, owned by Bean Bros., was the center of an admiring crowd.

Marshall McDonald, owned by Wm. Bunch, of Clark county, was an extra good walking horse.

R. C. Todd, trial 2:14 1/2, owned by Mr. E. R. Little, is a nice going, good trotter.

Jackdaw 2:28 3/4, the sire of many good race horses, was shown by McCormick & Van-Evera. This horse is standing at a very low fee, considering his breeding and reputation as a sire.

It was regretted by many that J. Malcolm Forbes (4) 2:08, the greatest trotting stallion in the world today, was not shown by his owner, Mr. James R. Magowan, but as the horse is making the present season at Lexington, it was deemed unwise to ship him here for the show. Another great horse that was missed was Mainleaf (3) 2:08 3/4, owned by Mr. John White Trimble, of this city. This horse is known as the "Game Cock" of the Grand Circuit, is also in the stud at Lexington.

Mr. Woodford did not show Sterling Chief. This animal always makes a good show and has quite a reputation as a sire.

There were several heavy draft horses shown but the writer was unable to get their names.

WILL DELIVER ADDRESS

President Henry S. Barker, of State University, will deliver the annual announcement address to the graduating class of the Mt. Sterling High School on the evening of June 5th. President Barker is an eloquent speaker, a leading educator and it is with great pleasure that the above announcement is made to our readers.

MUST SALUTE OUR FLAG. WILSON CALLS HUERTA'S BLUFF

President Received the Unqualified Endorsement of Congress Monday and Steps Are Being Taken to Make a Military Demonstration That is Thought Will Prove Effective.

The following joint resolution passed the House Monday:

"Resolved by the Senate and House of Representatives in Congress assembled, that the President of the United States is justified in the employment of the armed forces of the United States to enforce the demands upon V. Huerta for the unequivocal amends to the government of the United States for affronts and indignities committed by General Huerta and his representatives."

President Wilson has said that he had no desire or wish to make war on a weaker country, but that a demonstration would be made that would prove effective. An appropriation of \$50,000,000 has already been made and a bill introduced that will no doubt pass at once, making President Wilson Commander-in-Chief of the army and navy. The general impression is that Huerta wanted the United States to step in and save him from Villa but instead of doing this, and being placed in the attitude of aiding one faction against the other, we

will probably capture several of the ports and when the Mexicans decide to salute the flag, our government will give up possession of them.

As yet no orders have been given, although both the army and navy officers in anticipation of moving orders have for several days been getting things ready for immediate action.

Estimates at the War Department put armed forces of the Huerta government in Mexico at about 40,000 well scattered throughout the country. According to the department's figures there are 6,000 troops in Mexico City, about 6,000 around Saltillo, south of Torreon, 2,500 in the state of Sonora, 2,000 in Sinaloa, 800 in Tropic, 6,000 in Jalisco, 1,100 in Colima, 5,400 in Zacatecas, 1,250 in Guerrero and scattering bands in the other southern provinces.

On the east coast there are said to be about 1,500 in Nuevo Laredo, about 2,500 in San Luis Potosi, 4,100 in Vera Cruz, about 1,000 in Pueblo, and 800 in Morelos.

A MILLION IN SUNDAY SCHOOL IN KY. MAY 3

The State Sunday School Board has set apart May 3rd as Sunday School Day and will make a special effort through all the school's throughout the state to have a million present on that day.

The undersigned Superintendents earnestly urge all those interested in this great work to see their friends who do not go and urge them to attend some one of the schools on that day.

SPRING

All life's love with Spring. She is the lily of the seasons—the fairest of the fair. "Her cheeks are comely with rows of jewels, her neck with chains of gold." To some she appears in the form of a Fairy Queen, dancing on carpets of green, arms filled with flowers and upon her scarlet lips a smile that fills the world with light. To others, she comes as the divine leader of Nature's Orchestra, in which birds and brooks vie with each other in song and every living thing has a voice. Some bright in May go forth—and standing beneath the stars listen! You will hear the voices of night united in one grand symphony to sing a glorious welcome to Spring. They thank her for the flowers, for food, for life and love. Bending with the music of the spheres, this song of the insect world is un-marred by a single discord, or note of sadness, or wail of woe. Every note seems to have wings and every feet that dance with glee upon the air. But on a September night go stand in the same spot and listen! What do you hear? Not a jubilee, but a funeral dirge. Not shouts of joy and gladness, but weeping and wailing notes of sadness sodden with tears. The coming winter of death has cast a pall over nature and the insect world is chanting a requiem over the graves of the flowers. For them the end of the world is come. They can sing only of death, departed joys, fading glory, fallen leaves, killing frost, frightful storms and dreamless dust. To all who think seriously, Spring comes as the Angel of the Resurrection, calling the dead back to life, and whispering of immortality beyond the grave. She smiles and the dead arise. She smiles and brooks, long held in icy fetters, burst their crystal bonds and rushing forth with gladness shouts, go laughing and singing to the seas. She breathes upon the forests and fields and trees array their bare limbs in garments of green and dance for joy, while serried ranks of wheat and corn spring from the ground like armies with banners. Over the lowly grave of flowers she waves a magic wand of heat and light, and out of the clouds of doubt and death, they rise in royal majesty clad in rainbow robes of glory and throwing kisses at the sun. Whether viewed as a Fairy Queen, the inspiration of Nature's Symphony, the Angel of Resurrection, the Prophetess of Immortality, or only as the Herald of Summer, Spring brings to man his happiest hours and richest blessings. It is good to know that her visits will not cease until the sunrise go out, the earth a solid ball of ice becomes and death itself is dead.

Marconi, the inventor of wireless telegraphy, is said to be a member of the Waldensian church in Italy. It is said that he never misses an opportunity to publicly announce his allegiance to his church.

THE TEETH AND HEALTH

"Children demand a new kind of dentistry," declared a school nurse to a mother.

"What is the difference between the new kind and the old kind?" asked the mother.

"The difference between this new kind of dental treatment and the old is this: The old kind repaired decayed teeth, while the new kind prevents tooth decay. It cures dental diseases before they begin. This does away with the pain and pounding, anesthetics and chemical antiseptics, gold caps and gold plates. In fact, Preventive Dentistry is the name that describes it best."

"To whom will I go for this Preventive Dentistry?"

"Anyone may practice it, without a college training, a diploma or an elaborate set of instruments. Because, simply, it is building and continuing a habit. And this habit is catching."

"What is the habit?"

"It is the habit of keeping the teeth clean." The nurse then continued with emphasis: The most wonderful event in a baby's life is the entrance of the first tooth. No event thereafter excites so much admiration or so much interest. Were one-half the admiring interest bestowed on that first tooth worked up into practical tooth and mouth sanitation, four-fifths of the dental diseases would be prevented. Were you to keep your child's mouth clean from birth, washing it as often as the face, wiping its gums with linen gauze wrapped around your finger and dipped in lime water five parts, you would save your child and yourself a great deal of future trouble.—(Woman's World.)

TIME TO ACT.

Don't Wait for the Fatal Stages
of Kidney Illness. Profit by
Mt. Sterling People's Experiences.

Occasional attacks of backache, irregular urination, headaches and dizzy spells are frequent symptoms of kidney disorders. It's an error to neglect these ills. The attacks may pass off for a time but generally return with greater intensity. Don't delay a minute. Begin taking Doan's Kidney Pills, and keep up their use until the desired results are obtained. Good work in Mt. Sterling proves the effectiveness of this great kidney remedy.

Mrs. N. Trimble, 17 Jameson St., Mt. Sterling, Ky., says: "The worst trouble I had was with my kidneys. Their action was irregular and the kidney secretions were unnatural. I was subject to severe pains in my loins and often I had nervous spells. Finally, I began using Doan's Kidney Pills, procured at Duerson's Drug Store, and soon I felt better. I continued taking them until I was well."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Trimble had. Foster-Milburn Co., Props., Buffalo, N. Y. 42-2t

If a man really loves a woman (which some people doubt) it is a woman who never abuses him. Every woman imagines she is a sort of missionary, and that when she gains an "influence" over a man, she must change him: make him different from what man ever will be. No woman ever admitted that man had a right to be natural. So she begins her reform work, and in a little while has lost her influence forever. A man hates a woman, who pretends to love him one minute, and abuses him the next.

Give some folks a bushel of joy and they'll hunt up the station called Sorrow and growl because Providence didn't give 'em a ton.

The Kind
That Lasts

Insist on MASTIC PAINT

It is true economy to select the best paint your money will buy.

It costs you just as much to paint your property whether you use inferior paint or Mastic Paint, the kind that lasts. Results will prove this to you in a short time. Be on the safe side and use Mastic Paint.

Specify It In Your Contract

For almost half a century Mastic Paint has stood the test of time.

It is the unadulterated combination of the finest Pure White Lead, Zinc Oxide, and Genuine Linseed Oil in correct proportions. The formula is plainly printed on every can.

You don't run any risk using Mastic Paint. It is guaranteed to give perfect satisfaction.

It covers more surface, lasts longer, and, therefore, is more economical than any other paint. Keeps your house bright and attractive and enhances its value.

KENTUCKY

JACKSON QUILTS SUN

Mr. Joe Jackson has severed his connections with the Winchester Sun as Managing Editor after nearly a year's service in this capacity. Before accepting the above position at the close of his college career last June, he was feature man for the Sun, and his work has received the highest of praise from all sides. Few young men have made as good a record as Mr. Jackson in the newspaper field in so short a time, and his friends hope that he will not linger long outside the fold. He will rest for several months, during which time he will visit relatives in Montgomery county and other parts of the State. As correspondent for several daily papers, he will push this work more than ever, having more time to give to it now than before. Mr. Jackson has for sometime past been making his plans to attend the Pulitzer School of Journalism, at Columbia University, New York, and finish the course in order that he may be better fitted for the work of a journalist. Newspaper men are born, not made, and Mr. Jackson is one of the few really gifted men along this line. His successor has not yet been announced. Mr. Jackson has a world of relatives and friends in Mt. Sterling who will be interested to learn of his new plans and wish for him unlimited success in the journalistic world.

At the present time the British and Foreign Bible Society is passing through the press in England alone forty-two different editions of the Scriptures—amounting altogether to a quarter of a million copies—in thirty different foreign languages.

AN IDLE WISH

I wish I were a millionaire,
Engaged in coupon clipping;
I wish my prospects all were fair
Ah, wouldn't that be ripping!
I wish I might be wealthy and
Could hold some high position;
But somewhere in this favored
Land a boy, with worms all
safely canned,
Is blithely "go in, shin."
I wish I might be rich and great,
Without a care to fret me;
I'd like to guide the ship of state,
If other men would let me.
But at my desk I toil away,
Urged by a hard condition;
And somewhere in this land to-day,
A boy, with worms lured from
the clay,
Is blithely "go in fishin."
How futile are the wishes which
Within my mind are lurking!
I am not great, I am not rich,
I have to keep on working.
I long for wealth and fame; but
oh!
I cannot keep from wishin'
I were the boy who gets the hoe
And digs the worms he needs to
go
"Down to the crick a-fishin'."
—Judge.

NEWBERRY LOSES

Somewhat of a surprise was handed out to the attendants in the circuit court at Winchester Wednesday, when Judge Benton gave peremptory instructions to the jury to find for the defendant in the case of J. H. Newberry against P. B. Poer, asking \$5,000 for slander. The court declared that Mr. Newberry failed to prove that he was a regularly ordained minister of the Methodist church, as he alleges in his petition, and for this reason, he can recover no damages. Mr. Newberry is known in Mt. Sterling as a sign painter, having painted the signs of the Advocate Publishing Co., the Exchange Bank, and others.

RAY MOSS.

THE MOSLEM MULTITUDE

According to the latest figures there are 210,000,000 Mohammedans in the world. Though scattered widely over the globe they have maintained a remarkable solidarity and their vitality is really wonderful, says the Biblical Recorder. Some expert students of Islam, as, for example, Dr. Zwemer, of Cairo, Egypt, believe that the fitness of time has come for the Cross to conquer the Crescent. We earnestly hope that such is the case, but even so, the task is Herculean. America has 277,547 Moslems in the Philippines. The Netherlands have over 33,000 in the East Indies. Great Britain has over 66,000,000 in India. China has about 8,500,000. There are 20,000,000 in Russia and 42,000,000 in Africa, and they are scattered all the way from Afghanistan to Morocco. What a mighty multitude of Moslems in the earth!

TRY IT AND SEE

How many persons do you know? A Chicago professor has declared that 600 is the largest number a man can know personally, carrying the names in his head. If you think the professor is wrong, just sit down at your desk or table and write down the names of all the persons you know and who know you, in—say five hours. Those who have the patience to try out their popularity with their own memories will find that the names will come to their minds thick and fast for the first hundred or so, but after that, if they think out one a minute they will be "going some."

Some men are so afraid of hurting other people's feelings that they won't even grin when the weather man falls down on his prediction.

Ten thousand foreign missionaries are needed in China, if there is to be one for every 25,000 of the population.

Second Term November 16. Third Term January 27. Fourth Term April 17. Summer School opens June 16. Catalogue Free. J. G. CRABBE, President.
Aug. 14

A STRIKING COMPARISON

About one-fifth of the human race are inhabitants of India, Burma and Ceylon; the mind can hardly grasp such figures as 316,019,846, the present population, of whom it is estimated that now nearly four millions are Christians. A visiting Hindu at the Purity Congress held in Minneapolis bore his testimony that Christianity "has gained practically no headway in India." According to the census taken in 1911 the Christian community has increased in ten years thirty-three and a third per cent, while the general population has increased but thirteen per cent.

So good an authority as Dr. Griswold tells us, in striking comparison, that while in the United States ninety per cent of the people are literate, and ten per cent illiterate, in India the figures may be reversed. A very liberal estimate of those who can read is ten out of every hundred. But a new plan for popular education has now been enacted as a law, and means the dawn of a new era for India.

The Youth's Companion says: in 44 leading colleges and universities of the United States there are this year 2,084 foreign students. China sends more than any other country, 438. Of the rest, 327 are from Canada, 263 from Japan, 102 from India, 88 each from England and Mexico, 85 from Cuba, 67 from Germany, 57 from Brazil, 53 from Turkey, 42 from Russia, 32 from Argentina, 25 each from France, and Norway, 23 from South Africa, and the rest from almost half a hundred countries and islands. Columbia has the most foreign students, 183, but Pennsylvania, Cornell, California, Michigan, Chicago, Harvard, Illinois, Northwestern and the Massachusetts Institute of Technology have 100 or more each.

FROM MANY LANDS

On the basis of the late census, it is stated that 95 per cent of the children of school age in Japan are attending their educational institutions which are up-to-date in every respect. And not only is there a widespread popular educational movement, but also it extends directly along religious lines. For instance, we are told that 10,000 Japanese students are now making definite preparations for the Buddhist priesthood.

AVOIDING TEMPTATION

I never see an apple pie
But what I'd like to eat it;
I never see a carpet up
But what I'd like to beat it;
I never see a sloppy street
But what I'd like to dry it
But since I don't like work, I
Shut my eyes, and hurry by it!

In Korea during the quarter ending September 30, 1913, the British and Foreign Bible Society issued 103,000 copies of the Scriptures, which is 65,000 more than the number of copies issued in the corresponding quarter of 1912. This large increase has been entirely due to colportage.

It is said that there are 34,790,077 people in the United States over ten years of age who are outside the membership of any church. This is an appalling fact and serves to emphasize the opportunity and responsibility of church members.

The highest hill is always further on, and we get tired climbing long before we reach it.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, O. Sold by Druggists, etc. Take Hall's Family Pills for constipation.

Lumbago-Sciatica Sprains

"The directions says, its good for lumbago too,—Sloan's cured my rheumatism; I've used it and I know." Do you use Sloan's?

Here's Proof.

"I had my back hurt in the Box War and two years ago I was hit by a street car. I tried all kinds of dope without success. I saw your Liniment in a drug store and got a bottle to try. The first application caused instant relief, and now except for a little stiffness, I am almost well."—Fletcher Norman, Whittier, Calif.

Instant Relief from Sciatica

"I was kept in bed with sciatica since the first of February, but I had almost instant relief when I tried your Liniment."—W. H. Hawkins, Frankfort, Ky.

Sprained Ankle

"As a user of your Liniment for the last 15 years, I can say it is one of the best on the market. Fifteen years ago I sprained my ankle and had to use crutches, and the doctors said I would always be lame. A friend advised me to try your Liniment and after using it night and morning for three months I could walk without a cane and run as good as any of the other fellows in my department. I have never been without a bottle since that time."—Mr. William H. Driscoll, Central Islip, N. Y.

Telephone Saved Child's Life

One of the children fell into a water tank on an Alabama farm and was rescued unconscious and apparently lifeless. The frantic mother rushed to the telephone and called the doctor six miles away. He told her what to do and started at once, but before he arrived the child was out of danger.

The protection of women and children is only one of the chief values of the telephone on the farm.

You can have this service at small cost. See the nearest Bell Telephone Manager or send a postal for our free booklet.

Cash must accompany order.

Already Over-Ridden.

While we of course agree with the Sentinel-Democrat that our macadam streets are in a deplorable condition, we do not think it is fair to undertake by private subscriptions, among our business men, to repair them. To begin with, most of our business men are men of limited means, many of them doing business on borrowed capital. Some of them, who own their own business houses, have recently paid brick street assessments against their property, while others who rent, are paying an increased rental because of such improvement. Last year they contributed liberally towards the improvement of the Paris pike; this year to the Maysville pike fund, even helping Sharpsburg to raise its proportionate part. Any and everything that comes along is supported, in the main, by them and for our part we say, don't ride a free horse to death. A bond issue, if it can legally be had, or some other means, by which the whole city would be obligated, would, in our judgment, be more equitable.

Anti-Beckham Men Rattled.

The opponents of Ex-Governor Beckham are having a monkey and parrot time trying to centralize the opposition. One day they think Stanley is the strongest man and the next day they conclude that McCreary is their only chance. Whenever they get down to the real situation in the premises they will advise both Stanley and McCreary to sidetrack.—Georgetown News.

BECKHAM WHOLE SHOW

Harlan, Ky., April 17.—Congressman A. O. Stanley spoke here yesterday to a large crowd in the Courthouse, but his speech was not received with very much enthusiasm. It is doubtful, unless some great changes are made, whether he receives a dozen votes in this county.

The Democrats here are almost solidly for former Gov. Beckham, and are waiting for him to come to give him the most enthusiastic reception ever accorded a Democratic candidate in this county. There is only one man, so they say, who is for Gov. McCreary in the whole county.

Glasses Found

Two pair of glasses were found on the streets of this city last week. Owners may have same by calling at this office and paying for this advertisement.

MARRIED IN WINCHESTER

Mr. Oscar Chandler and Miss Maud Cartmill, of Mt. Sterling, went to Winchester early Thursday morning and after procuring licenses from County Clerk Skinner, went to the home of Elder Harding, where the nuptial knot was tied. They were accompanied by Mr. Joel Hilly and Miss Laura Cartmill.

Do you go to church?

HIGH SCHOOL NOTES

(By Courtney Horton)

The regular bi-monthly meeting of the "Purple and Old Gold" literary society was held Friday afternoon. The subject for debate was "Resolved! That Criminals Should be Compelled to Work." The question was decided in favor of the affirmative.

On Thursday morning, April 16th, Dr. Leonard W. Snyder, of Philadelphia, known the world over as the "Boy's Minister," addressed the student body in chapel on "Self Confidence." His address was a most interesting one and was much enjoyed by all who were fortunate enough to be present.

About twenty pupils from the sixth and seventh grades, accompanied by their teachers, Miss Bessie Robinson and Miss Mattie Hoffman, motored to Lexington last Wednesday evening and witnessed the performance, "Joseph and His Brethren."

The following communication has been received from the County High School: "The Purple and Old Gold Literary Society"; The members of the "Black and Old Gold Literary Society" wish to withdraw from the debate which we decided to have on the seventeenth. The above is self-explanatory and we have no comment to make, other than that we are sorry they saw fit to call off said debate.

A practice game of baseball was played at the Fair Grounds Friday afternoon between teams representing the City and County High Schools, the City School being defeated by the score of 1 to 0. In justice to our school we wish to say that the game was never intended to be a regular one, as several of our first team men did not take part and only seven innings were played. Although it was currently reported Friday evening that the City School nine had fallen before the wonderful pitching of Barnard and were defeated in a wonderful, thrilling and hair-raising contest. We are merely offering this as a correction and wish to say that the game was not scheduled and that both teams agreed before it was played that it would not be considered as such. We also wish to say that the City School is willing to arrange a game for the first date that is suitable to both parties and if it is as well advertised as the result of the practice game there should be a record-breaking crowd present.

The Freshman play "The Cabbage Hill School," was given in chapel Friday evening in the presence of a large crowd. It was a success financially and was enjoyed very much by all who were present. Too much credit cannot be given their able instructor, Miss Mary A. Lockridge.

Next Friday afternoon the Mt. Sterling High School baseball team will cross bats with the Winchester High School baseball team. A good game is expected, so encourage them with your presence. High School has a splendid team this year and much is expected of them. Games have been scheduled with Lexington, Cynthia, Owensville and Flemingsburg, and it only depends on the support given them by our citizens as to whether they will furnish us first-class amusement for the next six weeks.

CIRCUIT COURT NEWS

The famous Arnett case, transferred to this county from Magoffin county was continued until the September term of court. Special Judge C. C. Marshall was present to try the case but owing to the absence of important witnesses it had to be continued. Several fines for minor offenses were administered. One or two felony cases were tried.

A change of venue was asked in the Fitzpatrick case but was refused by Judge Young. The case was then set for April 28th. Mr. W. T. Fitzpatrick is seeking to regain control of his property which was placed in the hands of a trustee some time ago. He was successful in the County Court but an appeal was taken to the Circuit Court.

"To the Superintendents of the Christian Bible Schools of Montgomery County:"

Our State Elementary Superintendent, Mrs. John S. Asbury, has written me that she hopes our county will be among the first to help realize the aim of the State Elementary Department, which is "A Wide-Awake Cradle Roll in Every Christian Bible School in Kentucky." Many of the counties in the state have already reported several new Cradle Rolls and a new interest taken in those already organized. Why can't we do as well? If we fully appreciated the value of a "Wide-Awake" Cradle Roll, both to the babies and to our Bible Schools, every school would get busy at once, and see to it that this Department, which is really the most valuable recruiting agency it has, was well organized, and being worked successfully. If you have started a Roll since the first of the year or if yours has been reorganized, won't you let me know? For further information address Mary Ricketts, County Elementary Superintendent of the Kentucky Christian Bible School Association, Mt. Sterling, Kentucky.

COUNTY HIGH SCHOOL NOTES

(By Willard McGuire)

Dr. Snyder, the "Boy's Minister," lectured in chapel Thursday morning on "Individuality or Higher Ideals." His talk was very interesting and was enjoyed by all. Special music was rendered by Misses Nell Whaley, Mabel and Margaret Leach.

The Court Day Dinner given at the Court House by the County High School was a success, the proceeds amounting to about \$30 which will go to the piano fund and the boys' and girls' clubs.

The High School girls met Friday under Miss Whaley and organized a Y. W. C. A. club. The following officers were elected: Mary Williams, President; Nettie Richardson, Vice President; Nellie Guilfoile, Secretary and Treasurer.

A practice ball game was played at the Fair Grounds Friday evening between the County and City High Schools. The score was 1 to 0 in favor of the County High School. The batteries for City High were Kelly and Oldham; for County High, Barnard and Horton. Barnard was a wonder in the box, only allowing one hit and striking out eleven men.

JOB PRINTING OUR SPECIALTY

BECAUSE HE'S MY FRIEND

He may be six kinds of a liar.
He may be ten kinds of a fool.
He may be a blooming high flier,
Without any reason or rule.

There may be a shadow above
him,

Of ruin and woes that impend;
I may not respect—but I love
him.

I love him because he's my
friend.

I know he has faults by the bil-
lion.

But his faults are a portion of
him;

I know that his faults are ver-
million.

He's far from a sweet Seraphim.
But he's always been square

with "Yours truly;"

Ever ready to give or lend,
And though he is wild and un-
ruly,

I love him because he's my
friend.

I knock him I know, but I do it
The same to his face as away;

If other folks knock him, they'll
rue it,

And wish they'd had nothing to
say.

I never make diagrams of him.
No maps of his soul have I pen-
ned,

For I don't analyze—I just love
him.

Because, well, because he's my
friend.—Exchange.

HOW CAN IT BE HELPED

Any one seeking the reason
for the continued decrease in the
number of cattle in this country,

may find some assistance by con-
templating the market for veals,

which now range in price in
Chicago from \$10 to \$11.50.

The slaughter of veals is enor-
mous, running into the millions
yearly in Chicago alone, and in
the country at large probably to
eight or ten times that number.

Then too milk traffic is so great
and the demand so constant,

that dairymen cannot resist the
temptation to dispose of the
calves as quickly as possible and
stop their consumption of milk.

A hundred and fifty years ago
the British parliament took no-
tice of the scarcity and decreas-
ing numbers of cattle in Eng-
land, and enacted a law prohib-
iting the slaughtering of any
meat animal under three years
of age. We may to have resort
to similar restrictive measures,

and it is true that they have been
discussed already in several of
the states.

The attitude of Mayor Busch-
meyer and the other Louisville
officials towards the candidacy
of ex-Gov. Beckham makes any
doubt as to his nomination van-
ish into thin air. It seems that
before the Louisville Post would
espouse their cause, Mr. Knott
made the democratic organiza-
tion pledge "hands off" and a
fair count. Under this promise
it is conceded that Beckham will
probably carry Louisville. As to
the rest of the State it is con-
ceded to Beckham. It would not
be surprising if Stanley would
withdraw and let Gov. Mc-
creary "take up the running."

Stanley may stay in to keep up
a muss, but we can not see how
he can do Beckham any great
harm. What the Democrats
ought to have done was to have
given it to Beckham without op-
position. He deserved it for his
manliness in his betrayal, his
staunch adherence to Wilson
and his proven temperance stan-
dina.—Harrodsburg Leader.

ANOTHER

Buick

VICTORY

**Both BUICKS Perfect In All Contests
In Tour of France**

Thirty-four (34) French, American and Italian cars started, and only thirteen (13) finished the 3,000-mile tour of France Reliability Test, including twelve hill-climb events and speed trials and one road race.

"Motor Age" Says

Among those to finish were two clean-score Buicks, the only team to come through the trials with a perfect score. These two winning BUICK cars were on the road twenty-three (23) days and were regular stock models—we build no special cars.

Two of the thirty-four cars were out of running the first day; three the second; one the third; two more on the fourth day, etc., until only thirteen (13) of the thirty-four (34) cars were left.

"The Survival of the Fittest"

The remaining thirteen (13) cars started in the final speed trials on the twenty third and last day of the contest, and the two Buick cars finished the sixty-seven-mile road race in third and seventh place at an average of 46.6 miles per hour. These cars were driven hard through-out the twenty-three consecutive days' contest and naturally started in the race without any preparation whatsoever.

Motor Age says: As speed was the determining factor, most of the manufacturers entered their fastest type of cars, known as sporting models, and to avoid night driving practically all the drivers traveled at the highest possible speed consistent with road conditions. No man wanted to be the last in the controls at night, hence racing was the order of the day and the contest was therefore more strenuous for all the machines. To make the course more difficult, the mountain roads were followed where possible and a special excursion made up the center of France to take the cars over the Cevennes, a range of wild mountains not usually known to the tourist. This twenty-three consecutive days' contest with Europe's best cars certainly demon-strates the reliability and superiority of BUICK cars, and is one more of the many reasons why four times as many BUICK cars have been sold this year in the State of Kentucky as any other make.

We could fill this paper with BUICK achievements of the past several years, all over the world, and no other car could even attempt comparison. If you only knew BUICK cars as we and all Buick owners know them, we could not begin to supply the demand; as it is, we will be entirely sold out by May 15th, and this is true of every Buick dealer throughout the world—

So Get Your Order In To-day or
you will be disappointed and be forced to take
a second choice. Do you know of any other
car so prominently before the public to-day?

Stone & Flora
MT. STERLING, KY.

GO TO SUNDAY

SCHOOL DAY

The Sunday schools of Ken-
tucky will observe May 3, as
"Go-to-Sunday-school Day."

Services of an appropriate na-
ture will be held in practically
every Sunday School of the State
on that day. Arrangements for
the day are being made by the
Kentucky Sunday School Assoca-
tion, which C. F. Huhlein, of
Louisville, is president. The
purpose of the special day is to
arouse greater interest in the
work which is being accomplish-
ed, and it is probable that it will
be observed every year. The
movement is the first of its kind
ever conducted by the entire
State. It is estimated that there
are about 4,000 Sunday Schools
in the State which will observe
the occasion.

MONTGOMERY FARMS RAISED 6 PER CENT

Farm land assessments in
Breathitt were raised 15 per
cent by the State Board of
Valuation and Assessment, farm
land in Union was raised 5 and
in Montgomery 6 per cent. The
farm land assessment in Breath-
itt in 1913 aggregated \$1,667,-
800 and in 1914 \$1,432,732, while
town lot assessments increased
from \$308,440 to \$326,025. Farm
land assessments in Union in-
creased from \$5,657,175 in 1913
to \$1,668,690 in 1914, and city
real estate from \$1,352,740 to \$1,-
357,400. In Montgomery county
farm land assessments dropped
from \$3,847,471 in 1913 to \$3,-
738,514 in 1914, while town lots
increased from \$1,460,840 to
\$1,476,505.

A happy heart turns January
to June and finds flowers blos-
soming in the snowbanks.

Of all beings an ingrate is the
worst, and gratefulness is co-
extensive greatness.

Power Economizers

Ever hear the user of an electric motor say
it was unprofitable? We never did.

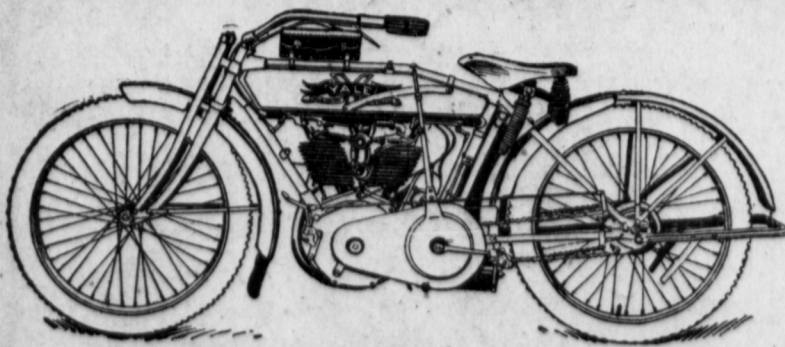

Electric motors solve the problem of maxi-
mum production. The correct answer to the
power question is "Use electric motors."
This contention is substantiated by millions
of horsepower in G-E Motors doing
domestic, office, farm and industrial work
throughout the world. The users of these
motors are receiving handsome returns on
their motor investments.

Call on the phone or mail us a card. Our
Power Department Experts will tell you
how you can profit by the use of electric
motors.

Kentucky Utilities Co., (Inc.)
Mt. Sterling, Ky.

M-116A

YALE
THE CONSOLIDATED MFG. CO. TOLEDO, O.
THIS NEW KIND OF

Motorcycle

* CAN BE USED ALL WINTER

If you buy a Two-Speed Yale Motorcycle you can ride it all through the winter as
well as during the months of good weather, for there is a machine of such great
ability that it will do work that was impossible with the older types. With the
tremendous reserve power of the Two-Speed Yale you can plow through the deep
snowdrifts without trouble. The low center of gravity and perfect balance make it
easy to handle on bad roads, and the big three-inch (automobile size) studded tires
grip the snowy or ice covered road surfaces firmly and make control safe and sure.
True, the old kind of motorcycles couldn't do this—most riders stored their ma-
chines till springtime—but the new Two-Speed Yale is a machine for use all the
year round, under all conditions.

JOHN H. POTTS Box 153 **MT. STERLING, KY.**

**CORN IS KENTUCKY'S
GREATEST CROP**

The corn crop of Kentucky is
worth more than all the other
farm crops combined. Its esti-
mated value in 1913 was \$56,-
867,000, more than twice that of
the State's tobacco crop.

The year of 1913 was not a
good corn year and the average
yield for the State was only
twenty bushels to the acre. Some
of the best of the corn
growing States did not do as
well, but the average yield for
the country at large was twenty-
three bushels. In acreage Ken-
tucky ranks eleventh among
the States, but in 1913 thirty-
four States reported a higher
average yield. In 1910 and 1912
better crop years, the State's av-
erage was approximately thirty
bushels, but the average in more
than half the States of the Union
was higher.

The figures show conclusively
that the corn growers of the
State are not getting the results
they ought to get from their ef-
forts. Kentucky had 3,650,000
acres in corn in 1913. Soil im-
provement, more care in seed
corn selection and better meth-
ods of cultivation, would double
the production of the more than
three million acres of land that
Kentucky is planting every year
to say that with only moderate
improvement in these particulars
on the part of the rank and file
of the farmers there would be a
material increase of production
—and that without any increase
of acreage.

The average yield of corn in
some of our counties is as low
as fifteen bushels. That this is
due solely to poor methods has
been demonstrated by the boy's
corn club, which, in every sec-
tion of the State, from the moun-
tains to the Mississippi River,
have made records of 100 bushels
and upward to the acre.—Cour-
ier Journal.

**CHANGE OF VENUE
NOT ALLOWED**

The motion made by Attor-
neys Winn and Prewitt in cir-
cuit court here to have the case
of W. T. Fitzpatrick, who is
suing to have his estate placed
back in his hands, transferred to
another county, was tried before
Judge Young. After hearing
the testimony of numerous wit-
nesses and reading several af-
fidavits Judge Young overruled
the motion and the case will be
again tried in this county.

Ever know how the term,
"horse sense" originated? It is
said that horses were once able
to talk, but talking got them in-
to so much trouble that they
quit it.

Do you go to church?

Now Well

"Thedford's Black-Draught
is the best all-round medicine
I ever used," writes J. A.
Steelman, of Pattonville, Texas.
"I suffered terribly with liver
troubles, and could get no relief.
The doctors said I had con-
sumption. I could not work at
all. Finally I tried

**THEDFORD'S
BLACK-
DRAUGHT**

and to my surprise, I got better,
and am to-day as well as any
man." Thedford's Black-
Draught is a general, cathartic,
vegetable liver medicine, that
has been regulating irregulari-
ties of the liver, stomach and
bowels, for over 70 years. Get
a package today. Insist on the
genuine—Thedford's. E-70

BRONCHITIS CONQUERED

Royersford, Pa., Man Tells How.

At this season of year with such
sudden changes, it is so easy to take
cold, and almost before one is aware
there is inflammation in the bronchial
tubes—a hard cough and unless
checked in time chronic pulmonary
troubles may result.

Townsend Young of Royersford,
Pa., says: "A severe bronchial trou-
ble contracted caused me much diffi-
culty about breathing. My chest felt
clogged up and there was consider-
able soreness. I tried different reme-
dies without help; but I am glad to
say that Vinol cured my bronchial
trouble which had lasted for three
months. My breathing is all right
and the soreness entirely gone from
my chest."

Vinol contains the curative, healing
principles of fresh cods' livers (with-
out oil) and tonic iron. We guaran-
tee it to be delicious in taste and to
satisfy you with its medicinal effects.

P. S. If you have any skin trouble
try Saxo Salve. We guarantee it.
W. S. Lloyd, druggist, Mt.
Sterling, Ky.

**RIDERS FOR THREE GEN-
ERATIONS**

To the manor born certainly
applies to the renowned Orton
family of riders. For three gen-
erations they have held the
world's championship for eques-
trianism, extending back for
three-quarters of a century.

The present Orton family,
now with Robinson's famous
Shows, were literally born upon
horseback. Riding from infancy,
taught by their distinguished
parents, they were perfect at ten
years of age, when they were
sent to school for their educa-
tion. During their college years
they kept up their practice daily,
which not only preserved their
skill, but aided them in acquir-
ing their perfect physical perfec-
tion. The wonderful ease and
grace, the dash, and daring of
their riding, is thus accounted
for. They will be seen at every
performance of Robinson's Fa-
mous Shows, at Mt. Sterling,
Friday May 1.

Imaginary Heart Trouble.

Do you have pains in the re-
gion of the heart? Does your
heart thump? Its terrible pound-
ing alarms you? What is wrong?
Do you believe these symptoms
mean heart trouble? Organic
diseases of the heart very sel-
dom occasion much pain. Near-
ly all of these pains are caused
by some derangement of the
stomach. Meritol Tonic Digestive
is especially recommended
for indigestion and dyspepsia,
and for restoring the stomach to
its normal functions and—no
more "heart disease." Price \$1.

JOE RICKETTS MARRIED

Relatives here have received
news of the marriage of Mr. Joel
T. Ricketts, formerly of this
county, and Miss Fannie Camp-
bell, of Belleview, Mo., which
occurred at that place a few days
ago. Mr. Ricketts is a son of
Dr. J. T. Ricketts, of this city,
and is now engaged in farming
in the west. He is an excellent
young man and widely known
and highly connected. His bride
is the daughter of Mr. and Mrs.
J. H. Campbell, of Belleview,
and is said to be a very attrac-
tive and popular young woman.
The marriage was a surprise to
the bridegroom's parents and
relatives here.

SELLS NICE STALLION

Messrs. W. H. and M. H.
Bridges, of this county, sold
last week to McCray Brothers,
of North Middletown, their five-
gaited saddle stallion, Edward
Burke, for \$1,200. This stallion
was sired by Bourbon Chief,
dam by Wilson's King, and is
one of the best gaited stallions
in Kentucky and will be shown
in all of the saddle stakes this
season. He is a beautiful sorrel,
with plenty of dash, action and
speed, and good horsemen say
that he is sure to be a winner.

CORRESPONDENCE

STOOPS

(By B. M. Goodan.)

With favorable weather a small acreage of corn will be planted this week.

Tobacco plants have all come up and are looking fine.

Master Everett Toy, who has been ill for several days, has recovered.

Distemper seems to be epidemic among dogs. Several heads have been removed from taxation the past few weeks.

Miss Edna Hamilton, who has been ill for some time, continues poorly.

Weeding tobacco beds seems to be the farmers' chief task just now.

A. S. Bridges is having moved and rebuilt, a large tobacco barn.

News has been received that Wm. C. Barker, who went from this county to Dayton, Ohio, several months ago, had been seriously ill since March 9th.

The Bigstaff pond near Springfield, which was the largest body of water in this section, is said to be rapidly sinking, and it is feared it will finally go dry.

Born, April 18th, to the wife of Stanley Trimble, a fine son—William Bush.

Ora Rankin and wife, of Little Rock, visited the family of Bert Sanders Saturday and Sunday.

Clark McClain went Saturday to visit relatives at Salt Lick.

Rev. H. S. Henderson, of Whitesburg, filled Rev. W. A. Hopkins' pulpit at Springfield Sunday, Mr. Hopkins being ill.

Thos. N. Coons, Superintendent of the Springfield Sunday School, will represent his school at the Sunday School Institute of the West Lexington Presbytery, at Winchester this week. Rev. W. A. Hopkins is on the program for an address Friday morning, April 24, his subject being "The Sower."

Thos. Roberson visited his sons, J. E. and Leonard Roberson, at Lexington last week.

Rollie Royce and family have moved to Cincinnati to reside.

One of the twin baby girls of Wallace Brown and wife of Flat Creek, died of whooping cough and pneumonia last week. The little girl was a sweet child and the parents are heart-broken over her death.

Robt. E. Tipton, wife and children have returned from a visit to Mr. Tipton's parents, R. L. Tipton and wife, at Georgetown.

CAMARGO

(By Gladys Richardson)

Mr. Pendleton Trimble, of Winchester, visited his parents at this place Sunday.

Mr. and Mrs. Stevenson and Mr. Skidmore and family, of Howards' Mill, also Mr. Lee and wife, of Winchester, have been attending the protracted meeting at this place.

Miss Clay Strange, of near Jeffersonville, has been visiting her sister, Mrs. Everett Trimble here for the past week.

The big rains have placed the farmers considerably behind in their work.

Since her return from the hospital, Miss Alma Cox has been getting along nicely. We hope she will continue to do so.

Miss Carrie Johnson, of near Mt. Sterling, visited her friend, Mrs. Besse Stafford Saturday and Sunday.

Several young folks of this place went fishing up above Jeffersonville last Friday. They reported a good time, although we did not see any fish.

The revival meeting in the new school house is still in progress, large crowds attending. Come and bring your friends.

Mr. Robert Shultz, of Spencer, spent the day with his par-

ents, Mr. and Mrs. Dee Shultz, at this place Sunday.

Everett Stafford spent several days in the mountains surveying some land claims last week.

Hurrah, for Howard Cockrell! He called on his best girl Sunday.

Mr. Allie W. McCormick spent the evening with his uncle, Mr. Jim McCormick, Sunday. Oh, "there's a reason" for all things.

WELL PLEASED

WITH MARE

The following was clipped from a paper published at Havana, Cuba and will be of interest to many people in this section who have seen this mare perform in the show rings while owned by the popular firm of Matlack & Shropshire, of Winchester:

"When Hazel Dawn appeared she had hardly stuck her nose through the croton hedge than everyone realized that Hazel Dawn was the last word. There are no words to describe the magnificent animal. Graceful as a gazelle, swift as an arrow, quick as a cat, as intelligent as a school marm, and as faithful and lovable as a mother. Hazel Dawn needs only to be seen and the show is a success to the beholder. There were other nice horses but there is but one Hazel Dawn in the world—and she will never leave Cuba if the Government has to pass another \$10,000,000 loan."

Brunner's Good Feeler Work Shoes.

AN ORDINANCE

Be it ordained by the Mayor and Board of Council of the City of Mt. Sterling, Kentucky:

That the salary of the City Engineer for the City of Mt. Sterling, Kentucky, shall be, and the same is hereby fixed, at the sum of \$75.00 per annum, payable quarterly. All ordinances or parts of ordinances in conflict herewith are hereby repealed. And this ordinance shall take effect from and after its passage and publication, either in a newspaper or hand bills, as required by law.

April 7, 1914.

C. K. Oldham,
Mayor.

Attest:

H. M. Ringo,
City Clerk.
